

COMMITTEES URGE EARLY COMPLETION OF PAVEMENT GAP

Commerce Bodies Co-
operate to Secure Lake
Villa Viaduct

PROJECT DELAYED FOR 7 YEARS

Concerted effort to secure early completion of pavement gap in Route 21 over the Soo railroad tracks at Lake Villa was urged at a meeting attended by members of the Chain O' Lakes association, directors of the Antioch Business club, Fox Lake chamber of commerce, and interested Lake Villa citizens at the Lone Oak Inn Monday night.

Work Delayed Seven Years

Due to difficulties pertaining to right-of-way and other causes completion of the half-mile stretch has been delayed for seven years since the building of the road in 1922. Two surveys have been made, and the land involved is owned by Otto W. Lehmann and Charles Thorne. Each survey is slightly out of the present right-of-way and specifies an additional 15 feet, which may be either to the west or to the east of the present road.

Right-of-way Is Problem

Mr. Lehmann, it is said, is willing to donate the little land required for the change in right-of-way. Mr. Thorne, however, has a different problem, as the moving of the road west would take up valuable lake frontage, and the placing of the right-of-way east of the present one would involve the moving of at least two buildings.

A committee to work with the supervisor and county surveyor was appointed from the Antioch Business club and the Lake Villa and Fox Lake chambers of commerce to assist in reaching an amicable solution of the right-of-way problem so the state highway department can proceed with the work of grading the gap and constructing the viaduct over the Soo Line tracks. The state highway department is anxious to get the work under way, according to G. N. Lamb, district engineer.

Grade to Settle One Year
Another reason for urging the early settlement of right-of-way and the building of the viaduct, is that the approaches which will necessitate high grades must be allowed to settle for a year at least before paving. But route 21 is of such importance that the approaches to the viaduct will be covered with crushed stone so that the road may be used as soon as completed.

LAUNDRY CONTRACTS TO BE LET THIS WEEK

Building Addition and New
Garage Are Included
in Plans

Contracts are being let this week for the installation of water, storm and sanitary sewers, and the building of new additions including the new garage for the proposed Chain O' Lakes Laundry and Dry Cleaning company in Antioch.

The work will be rushed to completion, according to Clarence D. Foth, committee chairman and originator of the project to bring the new industry to this locality.

CAR SWERVES NEAR SALEM; 1 KILLED, 4 HURT

One was killed and two are in a critical condition as the result of an accident which occurred near Salem, Wisconsin, a short distance north of Antioch and the State line Sunday night. The automobile in which the trio was riding turned turtle as it swerved in the loose gravel on the shoulder of the road. The dead girl is Miss Collette Hauser, an 18 year old Chicagoan, and those who were severely injured are: Emil Reiser, 18, and Richard Clavey, 19, both of Glenview, Illinois. They are now lying in the Kenosha hospital in a serious condition. The other members of the party, Marie Hauser, 16, sister of the dead girl, and Edward Weinburg, 23, also of Glenview, suffered minor injuries.

King's Niece to Marry a Commoner

Princess Elsa Bernadotte, niece of King Gustaf of Sweden and daughter of Prince Oscar Bernadotte, enjoying a row with her fiancé, Hugo Cedergrén, secretary of the Stockholm Y. M. C. A. and a commoner.

STRATTON'S OFFICE SHOWS NEARLY TWO MILLION INCREASE

Secretary of State Turns
Over \$20,000,000 Into
Illinois Treasury

Springfield, Ill., September 11—Fees collected by the various departments of Secretary of State William J. Stratton's office in the first eight months of this year show an increase of \$1,792,085.90 over the same period last year.

Last year the Secretary's office collected \$18,534,063.50 in the first eight months as compared with \$20,326,149.40 collected and turned into the State treasury by Secretary of State William J. Stratton so far this year.

In commenting on the increases in the various departments of his office, Mr. Stratton declared they indicate very healthful business conditions in the state.

The largest increase was in the automobile department of the office. This department so far this year has collected \$16,653,755.26 as compared with \$15,129,172.26 collected in the first eight months of 1928. The increase totals \$1,524,583.00.

The increase in the other departments aggregated \$297,502.90. Of this sum the largest increase was turned in by the corporation department. The increase in this department was \$3,551,233.84 for the eight months.

In the first eight months of 1928 the automobile department sold 1,271,753 passenger car plates. This compares with 1,370,011 sold so far this year, an increase of 98,259. The truck plate increase was 12,971 and indications are that 200,000 trucks will have been licensed to operate in the state before the end of the year.

GRAYSLAKE MAN LANDS LAKE STREET WATER MAIN CONTRACT

Improvement to Cost \$1,-
916—Figure Near En-
gineer's Estimate

Joseph A. Malloy, Grayslake, was the successful bidder for the contract of laying the water main extension in Lake street west to the village limits. It was announced at the last meeting of the village board. Mr. Malloy's bid was \$1,916.00, which was very close to the engineer's estimate of what the work should cost. The contractor will begin work at once.

Malloy has had other contracts for this kind of work in Antioch, including the laying of water extensions in the Thorne and Craig subdivisions and in Spafford street.

Mike Jensen is enjoying a rather dignified title these days while Simon Simonsen is taking in sights elsewhere. He is Antioch's chief-of-police pro tem. Mike is scheduled to be the city's guard for the next 10 days, at the expiration of which Marshal Simonsen will again take the reins.

Gas Tax Is Deductible On Income Tax Returns

According to information supplied today by Paul Pettengill & Co., Certified Public Accountants of Waukegan, Chicago, and Racine, the 3c gasoline tax imposed by the State of Illinois may be deducted by the individual under the classification of taxes, similar to personal property taxes. If the tax is added to or made part of a business expense such as your automobile expense account, it can not be deducted again, of course, as a tax.

Businesses operating automobiles will do best to consider the tax as a part of cost of the gasoline and charge it all to the same expense account.

Individuals operating pleasure cars should keep some kind of a record of tax paid on gas purchased so data will be available at the close of the year to substantiate your deduction on the tax return. The cost of the gas itself is not deductible when used for pleasure purposes only the tax.

CARD TOURNAMENT IS PLANNED BY LADIES OF ST. PETER'S CHURCH

Each Party Complete With
Prizes—Twenty Game
Tourney

The ladies of St. Peter's church are planning an interesting winter for those of the community who play cards. Arrangements have been made to hold weekly Thursday evening parties, beginning October 9, and continuing throughout the winter.

Until the new St. Peter's auditorium is completed, the parties will be held at Borse's hall, Loon lake.

Bridge, five hundred and bunco are to be played and each game is to be conducted on the tournament plan, which has proved very popular with many card players.

Twenty Game Series
The tournament will consist of 20 games and the individual score of each individual player will be tabulated and posted each week. At the close of the series each player submits his score of 15 games, which gives him the privilege of eliminating low scores or of being absent five games. There will be a number of valuable prizes for those having high scores at the close of the tournament, but each party will be complete in itself with prizes, refreshments, etc., and the tournament plan is to give added interest to those attending regularly.

By announcing the dates so early in the fall the ladies hope that everyone will save Thursday evenings for the tournament parties. They hope to make the series very enjoyable and successful, and a cordial invitation to take part in the tournament is extended to all card players in Antioch and surrounding towns.

Danish Lodge Announces Dance

The Danish lodge of Antioch has announced a dance to be given at the hall on Ida avenue, Saturday night, September 28. Dancing will start promptly at eight o'clock. Admission 60 cents.

WEST KENOSHA CO. FAIR TO OPEN AT WILMOT WED.

Parade, Stunts, Games
and Dancing Will
Be Staged

Elaborate and detailed plans were made for the West Kenosha County fair, which will be held at Wilmot, September 18, 19, and 20 at a meeting of the Board of Directors Monday night.

A parade of decorated floats, which will be led by the Eagles band of Kenosha, is to be the opening feature. The committee on arranging for speakers, Russell Jones and Supt. Ihlenfeldt from Kenosha secured Mrs. Walter J. Kohler, the wife of the Wisconsin governor, to address the crowd at two o'clock Wednesday afternoon.

As Wednesday is Kenosha day, several organizations from that city, including the Kiwanis and Optimists, are scheduled to be present, and the Congdon School of Music will offer a free program in the evening.

The principal speaker who has been engaged for Thursday is Chas. Stuke, the assistant director of the Prairie Farmer from W. L. S. With the exception of the Kenosha Legion band, the various fun contests, free acts, and the free Revue which the Galbraith School of Music is offering, the attractions on Thursday will be featured for the benefit of the fair attendants.

Friday is slated as Agricultural day and it is probable that President Glenn Frank of the University of Wisconsin will address the fair crowd at two o'clock in the afternoon. The North Shore band has donated its services for that day and there will be both stock and auto parades at three o'clock.

The exhibits for the 1929 fair will be exceptional in both quantity and quality.

Dinners are to be served by Cavalry Troop E of Kenosha which brings an elaborate equipment from Kenosha to take care of all who wish to eat on the grounds. Meals are to be served daily from ten in the morning until after the dance at night.

Two Free acts will be staged every afternoon and evening. The Strehlow Junior review, three nine year old girls, and the Howe Cook acrobatic and bicycle acts have been engaged for daily performances.

There will be a dance each night at the gymnasium with a nine-piece orchestra, Chuch Newhouse and his nine from Kenosha.

The regular games and contests offered for old and young every afternoon will be staged right after the free acts in the afternoon.

Judging this year will be completed on the first day of the fair, Wednesday, and the following judges (Continued on page eight)

Well Known Auctioneer, Col. Ezra H. Christensen, Dies in California Home

After several years of illness, Col. Ezra H. Christensen, 41, a former prominent Kenosha and Racine county resident, died in his Spanish home at Burbank, California, Monday afternoon.

The deceased, who was at one time a well-known and popular auctioneer in this section, was associated with his brother, Joseph, in Sturtevant as a livestock dealer, managing the western interests of the firm. He was also a brother of Col. L. C. Christensen.

Col. Christensen played an active part in politics not only in Sturtevant, but also in the West, where he had resided for eight years. He was also connected with several fraternal and commercial organizations, being a member of Racine lodge No. 13, F. & A. M., the Masonic Consistory lodge at Los Angeles; Racine lodge Knights of Pythias and D. O. K. K. Rdeh temple of Racine. At Burbank he was a member of the Kiwanis club, the Chamber of Commerce and Sunset Canyon Country club.

He is survived by a wife and three children. Funeral services will be held at 1 o'clock Monday from the home at Sturtevant and at 2 o'clock from the Raymond church. Burial will be at 4 p. m. at Mount cemetery, Racine. Members of the Masonic lodge will be in charge.

Ducks? Here's Gun for Sale! These Stoves Ought to Move Now!

I see by the News' classified ads today that—

Someone has a repeating shot-gun for sale.
Two persons want heating stoves.

One heating stove is offered for sale.
\$50 reward is offered for return of a lost article.

You can buy a whole herd of federal accredited cattle for \$1,300.
\$275 buys a good closed car.

A straight eight car will be traded on real estate.
A dining room set is offered for \$10.

Buyers, sellers meet in News' classified columns. Are you using them?

GRAYSLAKE MAN IS KILLED AS TRAIN CRASHES INTO CAR

Edward Parker Dies In-
stantly; Locomotive Cyl-
inder Is Cracked

When his automobile collided with a Soo line train on the Ivanhoe road crossing near Grayslake at about 9:15 o'clock Sunday night, Edward Parker, a prominent Lake county farmer, was instantly killed. The victim was a member of the firm of Parker brothers, who are the owners and operators of a large farm on Route 21, one and one-half miles east of Grayslake. The automobile was wrecked beyond repair.

Was Returning Home

Parker was returning to his home after having taken his nephew, Walter Parker, to Libertyville, where the young man boarded a train for Springfield, to begin work as secretary in the state governmental offices. The victim was going north on Route 21 to the point where the Ivanhoe road intersects near Bart's barbeque, a short distance south of the Junction of Route 21 and Belvidere road. Although known for his cautious attitude when approaching railroad crossings, it is believed that this time he drove onto the track without listening or looking for the (Continued on page 5)

LOCAL GIRL, JEANETTE WHITED, IS HONORED AT WISCONSIN STATE FAIR

An Antioch girl, Jeanette Whited, the five-year-old daughter of Mr. and Mrs. M. C. Whited, won the distinction of having her picture in the Milwaukee Sentinel, all because she is "cute," as a Milwaukeean expressed it.

While she and her mother and Mrs. John M. Blackman were visiting the international institute at the Y. W. C. A. exhibit at the Wisconsin State fair, one of the men who had charge of that booth came to the conclusion that Jeanette was a mighty good-looking little girl and as a result he chose her as the official advertiser of that display. Of course that suited the little Miss to a tea, because there was nothing else on exhibition at this booth but dolls, and they were foreign too.

The man then put a Hungarian doll in her left arm and an Italian in her right, after which she posed for a picture. In a minute it was all over and Jeanette again joined her mother and Mrs. Blackman. The next day her picture went all over the United States—that's how she may be called the official advertiser for the W. Y. C. A. foreign doll exhibit.

The Biological Survey states also that the Federal law will be vigorously enforced and that persons apprehended hunting contrary to the regulations are liable to prosecution in Federal court and subject to fine or imprisonment, or both.

It is announced also that the close season on black-bellied and golden plovers and greater and lesser yellowlegs will continue throughout the United States.

On Illinois hunting licenses the opening date is set at September 16, but anyone found hunting before September 24 will be prosecuted on a federal charge, a bulletin sent out by the department states.

the Waukegan High school ten years ago, was one of the most outstanding athletes there. Since his graduation from high school, he has been connected with a manufacturing concern as industrial chemist.

Walter Parker, also of Grayslake, was appointed private secretary to Barney Cohen, director of labor, and Leslie Russell of Round Lake was appointed a clerk in the supply department at Springfield.

The three went to Springfield Tuesday, where they attended conferences relative to their work with the state.

ANTIOCH CATTLE NEAR CLEAN TEST, REPORT SHOWS

Only 2 Reactors Here--
Five Townships
Free of T. B.

That Antioch dairy cattle are near a clean tuberculosis test was revealed by the quarterly report of Dr. Thos. P. Gallahue to Lake county supervisors yesterday. Out of a total of 482 cattle tested during the three months period only two reactors were found in Antioch township. The quarterly period ended September 9.

The highest percentage of reactors was found in Deerfield township which had one diseased cow out of the eight tested. Fremont was next with 433 cattle tested and 12 reactors. Five townships, Waukegan, Benton, Shields, Lake Villa, and Newport, presented perfect records.

Following is Dr. Gallahue's tabulated report:

Townships	Cattle	Reactors
Antioch	482	2
Avon	388	5
Benton	16	x
Cuba	362	2
Deerfield	7	1
Ela	488	4
Fremont	438	12
Grant	173	1
Lake Villa	123	x
Libertyville	423	4
Newport	165	x
Shields	40	x
Vernon	373	1
Warren	42	2
Waukegan	510	10
Waukegan	3	x
Totals	4033	44

DUCK SHOOTING SEASON OPENS SEPTEMBER 24

Federal Regulation Makes
State Law Invalid as to
Opening Date

The open season for hunting wild ducks (except wood ducks and elder ducks), geese, brant, coots, and Wilson snipe, or jacksnipe, in the State of Illinois is September 24 to January 7. This statement is made by the Biological Survey of the United States Department of Agriculture, which has direct charge of the enforcement of the migratory-bird treaty act and its regulations, in which Federal open seasons on waterfowl and other game birds are defined.

The dates on the back of the current Illinois hunting license show the waterfowl season for last year, which was changed by an amendment to the Federal regulations approved April 23, 1929. The State law on waterfowl automatically conforms with this change in the Federal regulations, and the season as given is thus the same under both State and Federal laws.

The Biological Survey states also that the Federal law will be vigorously enforced and that persons apprehended hunting contrary to the regulations are liable to prosecution in Federal court and subject to fine or imprisonment, or both.

It is announced also that the close season on black-bellied and golden plovers and greater and lesser yellowlegs will continue throughout the United States.

On Illinois hunting licenses the opening date is set at September 16, but anyone found hunting before September 24 will be prosecuted on a federal charge, a bulletin sent out by the department states.

CO-OPERATION

One of the most significant factors which makes life really worth-while is that of co-operation. Most of us incline to our own selfish interests and individual preferences, forgetting that we are simple fragments of a whole. In this world of interdependence, we cannot rely entirely upon ourselves, even though we be hermits.

In other words, we can never be exclusive, although some strive eagerly to be thought so. Sometime, somewhere, each one of us will have to be accept help from others; therefore, we should always be willing to show a true spirit of co-operation toward them. We may think that we can get along without friends, but as soon as the time comes when our own efforts have proved in vain, the majority of us are mighty glad to have others come forward with the spirit of co-operation.

ABSURDITY IN CRIME REFORM

Most crime reformers are trying to kill an elephant with a pop gun.

At the present time in this country crime is an organized "business" of the first importance, with clear-sighted executives, high-priced lawyers, and almost endless resources in money and affluence.

To attempt to fight the underworld by prohibiting law-abiding citizens from owning pistols and guns, is nothing short of absurd. It would be like fishing out of season fishing by prohibiting all fishing.

Basic reasons for crime, such as public apathy, graft, antiquated judicial procedure, the power wielded by sentimentalists, a burden of laws and red tape, are commonly overlooked by well-meaning reformers.

Without an aroused public consciousness against the menace of the criminal, nothing can be done. Once that consciousness is aroused, the day of the prosperous criminal will be over, and when crime is not prosperous it will not flourish.

The more laws, the less criminals punished, is a proven axiom. Clever lawyers, taking advantage of technicalities, can twist evidence out of all semblance to reality. Sob-sisters sway juries and pardon and parole boards. As a result, more criminals go free in this country than in any other civilized nation.

To reduce crime we must strike at the root of the evil, i. e., conditions which encourage crime.

THE FACT OF THE MATTER

Now that Labor Day, together with its associated festivities, is a bygone holiday until another September will have rolled around, residents of Illinois have something to look forward to—there will probably be fewer deaths resulting from accidents during the next

six months than there have been in the last. It seems to be a psychological fact that as soon as the warm spring and summer days come into their own, an unusually large number of people are called from their homes to the widely advertised "happy ways" and, consequently, come both the avoidable and the unavoidable mishaps.

Do you know that more people die annually in Illinois as the result of accidents than were killed in any single battle of the Civil war? For example, the Union Army, which was the heaviest loser in the great struggle at Gettysburg, was shy 3,070 men at the close of the battle, while the state of Illinois was shy 5,950 men, women, and children at the close of the year 1928.

According to statisticians, there were 36,931 U. S. soldiers killed in action during the World War; by way of comparison, there were 38,532 accident fatalities in the state of Illinois during the last seven years.

Even though the automobile does rank as the principal cause for last year's accidents in this state, it cannot be blamed for all of them.

The following is Illinois' accident record for last year:

Food poisoning	28
Other poisoning	193
Conflagration	114
Burns (except conflagration)	302
Drowning	383
Firearms	133
Falls	961
Mines	133
Machines	139
Railroad	662
Street cars	184
Automobile	1,745
Airplane and balloon	24
Other accidents	939
Total	5,950

A TWO BILLION DOLLAR ROBBERY

A statistician for a large insurance company recently estimated that Americans lost at least \$2,000,000,000 a year through fraudulent investment schemes.

Thousands of our citizens are defrauded of their life savings because they fail to take the simplest precautions necessary to successful investing.

The lure of tremendous returns and glittering prospects is an almost "sure" bait for any otherwise intelligent people. They succumb without resistance to the blandishments of the high-pressure salesmen of questionable stocks.

There is but one safeguard against this—knowledge. Few people understand the ramifications of modern finance. The great body of investors must depend on advice.

In America we have a great number of responsible brokers and investment bankers whose business and pleasure it is to discuss with investors securities listed on existing stock exchanges in leading financial centers.

Investment keeps the wheels of modern industry in motion. But the intelligent citizen, investing money outside his own business buys on the advice of established brokers or bankers.

CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 8.

The Golden Text was, "God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth" (Genesis 1:26).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "He hath shewed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?" (Micah 6:8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The admission to one's self that man is God's own likeness sets man free to master the Infinite Idea. . . . At present we know not what man is, but we certainly shall know this when man reflects God" (p. 90).

Poached!

MODERN CONVENIENCES

By **THOMAS ARKLE CLARK**
Dean of Men, University of Illinois.

I was looking around for the telephone directory in the convenient little hotel room in which I was stopping in St. Louis.

Someone had misplaced it. I opened the drawer of the stand that stood at the head of my bed, but instead of discovering the lost directory I found a complete radio set. I had entirely forgotten this modern attraction which has been installed in so many hotels all over the country. By pulling a little lever and turning a dial I could listen to a concert in Birmingham, or get the latest reports on baseball, or hear President Hoover talking on farm relief. A radio in every room is the latest hotel slogan.

It was not always so. I recall with a shiver a night I spent some thirty-five years ago in the "best hotel in the city" of a town of some size in my native state. The thermometer registered fifteen degrees below zero, and there was no heat in the room nor any way of getting it. If there was a bathroom in the entire layout I was not able to discover it. The mattress on the rickety bed must have been stuffed with corn cobs, and the springs sagged from all directions. One crumpled up in the middle from the mere force of gravitation.

"FAST BUT SURE, THAT'S THE WAY KONJOLA WORKS"

Man Eager To Tell Of The Fine Results That New Medicine Gave

MR. GEORGE E. CLEMENT

"I had indigestion so bad that I began to fear I would never be relieved of it," said Mr. George E. Clement, 105 Jerome avenue, Joliet, Illinois. "No matter what I ate, the food would not digest. Gas bloating followed every meal. Kidney trouble added greatly to my misery. Constipation allowed poisons to gather in my system.

"A friend of mine told me about Konjola and urged me to try it. In just six weeks, in which time I took six bottles, I was freed of indigestion, kidney trouble and constipation. My system was cleansed and regulated. Today I feel, eat an act like a different person. I owe to Konjola a debt I will never be able to repay. Fast, but sure, that's the way Konjola works!"

Konjola is sold in Antioch at S. H. Reeves' drug store, and by all the best druggists in all towns throughout this entire section.—adv.

HintsThe How of Opening
Cans Quickly and
Easily

Here's a new idea for you. Russell Crouse who conducts a column in the New York Evening Post says that home cooking would be speeded up fifty years by the use of zippers on canned foods. No zippers have been invented which will fulfill the important function of keeping out the oxygen, the exclusion of which assures a higher vitamin content in canned foods than in those cooked at home in the usual way, but there have been important improvements in can openers which are saving literally years of time to American housewives.

Up-to-Date Can Openers

The new can openers used today are almost as simple in construction and far more speedy and efficient than the old ones. They remove the tops from all types and shapes of cans and their mechanical grip makes it possible to open hot cans as easily as cold. Two wheels grip tightly the outside and inside of the rim by means of scissor-shaped handles, and, held so, the turning of a key causes one wheel to cut the tin as the other turns the can, and, presto, the top is off!

A New Kind of Can

There is a new kind of can with a key welded to its top which is equally simple to open. The thin strip of tin to be rolled back with this key has diagonal grooves cut in herringbone fashion, so that if the strip does not tear evenly, these grooves at a nangle will guide the tearing part of it past the defective part, and it will not break off on the key.

"Now You Must Eat
Your Spinach,
Dear"

Haven't you often said that to the children, and applied the same remark to carrots, too? For children are often reluctant to eat these two vegetables so rich in vitamins and so healthful because the youngsters say that they haven't "enough taste."

Try These

Carrot Boats with Spinach—Cook even sized carrots until tender in boiling, salted water with a dash of granulated sugar. Drain. Cut in halves lengthwise if very large. Scoop out centers of the halves and sprinkle the cavities with salt. Heat a can of spinach, season well with salt, pepper, butter, a little lemon juice or vinegar, and also a dash of granulated sugar. Then pile the spinach in the carrot boats. Stick a potato chip in one end to simulate a sail, or garnish with a sprig of parsley.

Spinach and Beet Mold—Cook a can of spinach with a dash of sugar. Drain, season well with butter, salt and pepper and pack while hot into a buttered ring mold. Keep hot while preparing the beets. Heat canned beets in their own liquor with a dash of sugar. Drain, chop and season well with butter, salt and pepper. Turn the spinach mold out onto a hot, round platter and fill the center with the beets. You may sprinkle chopped, hard-boiled eggs over the spinach rings.

How to Be Well Dressed

To be well dressed, a woman must know the new, and then, with greatest care, select from that what is best and most suitable for her to wear.—*Farm and Fireside.*

Fruits of Repentance

Our repentance is not so much regret for the ill we have done as fear of the ill that may happen to us in consequence.—*La Rochefoucauld.*

Hard to Credit

Money talks, but none of us would believe the old dollar if it started telling us what it used to buy.

Why save pennies and waste dollars

GOOD PRINTING PAYS

Two Fox Fur Neckpieces

A new and smart conceit for fall is to wear two fox fur neckpieces—one white and the other silver fox. The combination adds a winsome touch to a black suit of silk.

Sally Ann's
Adventures

at Her Home

Toward the close of summer, papa, mamma, grandma, and Sally Ann all went out to Uncle John's farm to spend a week. It was here that Sally Ann again enjoyed some of the same good times that she had had when she was at her grandpa's.

It was a warm afternoon toward the end of summer when papa and Sally Ann went out before supper for a stroll in the meadow, to watch Sport, Uncle John's shepherd-dog, drive the cows up the long lane from the pasture to be milked. The weather had been nice for a long time and so all the tiny weeny insects that are found in the country were flying near the ground, where the air was warmest. The air just seemed to be thick with them.

Circling among the flies and bugs, were many, many swallows, whose nests were attached in long rows beneath the eaves of Uncle John's barn. Why do you suppose, boys and girls, that the birds flew so close to the ground? Because they wanted their supper—they ate the bugs and flies just like you eat candy. They liked 'em too. Each pretty bird had its mouth wide open as it flew through the air.

Papa and Sally Ann forgot all about Sport and the cows, as they watched the birdies. The swallows flew so close that one's wing brushed Uncle John's ear and another saved himself from flying squarely into Sally's face only by making a quick, upward turn.

"Once when I was a little boy and lived on a farm," said papa, "I went out into the meadow just at sundown, and what do you think? I caught a swallow! How do you suppose I did it?"

"How did you, papa?" said tiny Sally Ann.

"Well," said papa, "the swallows were flying just as they are now, almost bumping against me. So I took off my hat and waited,—like this,—when one came near—see!—I made a swoop with my hat,—so,—and why," said papa, much astonished, "I've got one now!" His face showed more surprise than Sally Ann's.

Sally Ann danced around in a

Try These Recipes; You
Won't Be Sorry

Mexican Rice With Bacon

Try this Mexican dish for your husband and see if he doesn't like it. Three strips bacon fried until crisp, 1-3 cup rice browned in bacon grease, 4 tomatoes (or tomato soup), 1 large pepper and an onion,—all cut up together and poured over the rice and bacon. As it cooks, add water enough to keep the rice from sticking. Cook slowly for three quarters of an hour, and salt and butter when ready to serve.

Spanish Noodles

For the noodles take 2 eggs, 1/2 teaspoon salt and enough flour to make a very stiff dough. Roll out very thin and allow to stand in a cool place for three or four hours. Roll up and cut fine.

Put one can of tomatoes on to cook with 1 tablespoon of vegetable or beef extract, 1 tablespoon chopped onion, salt and pepper to taste, and 1 tablespoon butter. Cook for fifteen minutes, then add 2 cups boiling water and the noodles, and continue to cook for fifteen minutes longer. Serve hot.

Baked Corn

Bake in pudding pan 1 hour, 1 dozen grated ears of corn, 1 cup milk, 2 well beaten eggs, pepper, butter and salt. Canned corn can also be used.

Stuffed Peppers

6 green peppers
1 onion
4 tablespoons raw ham, chopped
1-3 cup brown sauce
Buttered bread crumbs
Salt and pepper

Cut off tops of peppers, remove seeds and parboil 15 minutes. Chop onion and cook in butter a few minutes, add ham and cook 1 minute. Add brown sauce and buttered crumbs. Cool mixture, sprinkle peppers with salt, fill with cooked mixture, cover with crumbs and bake. Serve with brown sauce on toast.

Indiana Bake Beans

(With due apologies to Boston). Soak 1 quart beans over night in water. Pour off water and bring to the boiling point in fresh water. Pour off this water and place beans in a large crock. Put in the crock also 2 large onions, 2 or 3 pieces of celery and a small ham end or bone. Add a half cup of molasses, mixed with a teaspoon each of dry mustard and salt. Fill up crock with warm water and bake 8 or 10 hours in a slow oven. Keep covered until the last two hours.

Hominy

Take enough corn to make about a

circle while papa gently put his other hand into the hat and took out the poor, trembling little bird.

"Have you hurt him, papa?" asked Sally Ann, her tender little heart stirred to sympathy. "No," said papa, looking half-ashamed, "I don't think so, and really, my girl, I didn't mean to catch him; I was as much surprised as you were, I am sure. It only happened once before in all my life. How strange this one should fly into my hat as I was telling you about the other! Maybe he's the great-great-grandson of the first one I caught!"

He showed Sally Ann the beautiful head and wings of the little bird, and each stroked him gently with one finger.

Then papa opened his hand. For a second or two the swallow sat perfectly still on the palm, not knowing he was free. Suddenly he seemed to discover that no one was holding him, and with a twitter he darted away and was lost to sight among his countless companions in the air.

quart. Cover with hot water and let soak over night. In the morning, put corn in a kettle with one tablespoon of baking soda, cover with hot water and cook until the husks will come off easily. Then pour out in pan and rub through four or five waters until all the husks are off. Then put in kettle and cook it until tender. Put in jars and when wanted, put in skillet with plenty of drippings, butter and salt, and a little water.

Corn Fritters

1 pint grated sweet corn
1/2 cup flour
1/4 cup butter
1 egg
Pinch of salt
A little pepper
1/2 teaspoon baking powder
Fry in deep lard.

Tennessee Corn

For large family take 10 ears sweet corn, cut and scrape corn off; add 2 eggs and beat; 1 cup milk; butter the size of a walnut; 1 tablespoonful sugar; salt and pepper. Bake and serve as you would scalloped corn, with meat and potatoes.

French Fried Sweet Potatoes

Prepare and fry the same as sweet potatoes. Or they can first be boiled half an hour, and then pared, cut and fried as directed. The latter is the better way, as they are liable to be a little hard if fried when raw.

Roasted Sweet Potatoes

Having washed them clean, and wiped them dry, roast them on a hot hearth as directed for common potatoes; or put them in a Dutch oven or tin reflector. Roast or baked potatoes should not be cut, but broken open and eaten from the skin, as from a shell.

To Bake Sweet Potatoes

Wash them perfectly clean, wipe them dry, and bake in a quick oven, according to their size—half an hour for quite small, three-quarters for larger, and a full hour for the largest. Let the oven have a good heat, and do not open it, unless it is necessary to turn them, until they are done.

To Boil Sweet Potatoes

Wash them perfectly clean, put them into a pot or stewpan, and pour boiling water over to cover them; cover the pot close, and boil fast for half an hour, or more if the potatoes are large; try them with a fork; when done, drain off the water, take off the skins, and serve.

Cold sweet potatoes may be cut in slices across or lengthwise, and fried

or broiled as common potatoes; or they may be cut in half and served cold.

NOTICE OF AWARD

NOTICE IS HEREBY GIVEN that the Board of Local Improvements of the Village of Antioch, Illinois, at a meeting held on the 3rd day of September, A. D. 1929, did award the contract for the construction of a water main on Lake Street, in the Village of Antioch, County of Lake and State of Illinois as contemplated by the ordinance thereof entitled:

"AN ORDINANCE FOR CONSTRUCTING A WATER MAIN IN LAKE STREET", to Joseph A. Molloy, on the proposal thereof as follows:

For the sum of nineteen hundred sixteen dollars (\$1,916.00).

Dated at Antioch, Illinois, September 7th, A. D. 1929.

GEORGE B. BARTLETT,

President of the Board of Local Improvements of the Village of Antioch, County of Lake and State of Illinois. (5)

SOCIETY and PERSONAL

TRAINING OF CHILDHOOD WAS DISCUSSED AT MOTHERS' CLUB

A large number attended the Mothers' club, which met at the home of Mrs. W. C. Petty Tuesday afternoon. The training of childhood was the theme of the round table discussion which followed each of the talks given by Meses. John E. Moore, Roy Graves, B. E. Snyder, and L. O. Bright. Light refreshments were served.

ENTERTAIN THREE LINK CLUB FRIDAY EVENING

Mrs. J. R. Cribb and Miss Goldie Davis will be co-hostesses to the members of the Three Link club of Lake-side Rebekas lodge at the home of Mrs. Cribb tonight (Thursday) at seven o'clock.

Messrs. and Meses. Frank Dunn, Andrew Dalgaard, Lee Strang, and Eugene Sheehan and families spent Sunday in Milwaukee.

Miss Mary Gagglin has returned to this city from Denver, Colorado. She was accompanied by her sister, Mrs. Tiedt.

The Meses Charlotte Cushman and Florence Sibetslan, Chicago, are visiting at the C. K. Anderson home.

Mr. and Mrs. Chas. Smith of Austin, Illinois, spent the week-end with Mr. and Mrs. John Knott.

Mr. and Mrs. Joseph Birnbaum, Oak Park, were guests Friday in the James Dunn home.

C. L. Kuttill will attend an Ag. Teachers' conference at Sigamore, Illinois, Saturday.

Miss Ruth Brown, St. Paul, spent several days this week at the home of her sister, Mrs. Sherman Ferris.

Mrs. O. L. Hove is recovering at her home from injuries sustained in an automobile accident on Labor Day.

Mrs. L. M. Wetzel and Mrs. H. B. Gaston left yesterday on a sight-seeing and vacation trip to Washington, New York, Niagara Falls and other points east. The trip is being made in one of Mr. Wetzel's trusty Chevrolet.

They expect to be gone two weeks.

Miss Helen Goodman, Whitewater, Wis., is a guest in the H. B. Gaston home.

The Meses Ruth Gottschalk, Mary Galtier, and Vernie Lindberg of Lake Villa left on Sunday for DeKalb, where they will attend school this year.

Several Antioch people attended the Odd Fellows and Rebekah picnic which was held at Waterford Sunday.

Mr. and Mrs. F. R. King are on a two weeks vacation in Minnesota and Canada.

Mr. and Mrs. C. E. Shultis are spending two weeks at French Lake, Wisconsin.

James Blacksmith, 45, a tool maker at Fox Lake, died at his home Sunday. He was a native of Bavaria and came to Fox Lake eight years ago.

He survived by his wife, Anna, who was at Baraboo Wednesday.

Mr. and Mrs. George Rhodes departed this morning for Denver, Colorado, where they will spend a week sight-seeing in the Rocky mountain parks.

Homer LaPlant and George Wagner left Monday morning for Detroit, Michigan, where they will spend two weeks.

Mrs. Lena Ethelven, Jensen City, Oregon, spent from Monday until Thursday with Mrs. Sine Laursen.

Mr. and Mrs. Sherman Ferris and sons, Sherman, Jr., and John, left Thursday for St. Louis, Missouri.

Mrs. Ferris and the boys will remain for the winter.

Mrs. Alonzo Runyard attended a birthday party at the home of her sister, Mrs. Arthur Haley, at Lake Villa Friday.

Ted Miller, retired Chicago police sergeant, was visiting today in the home of Mr. and Mrs. Harry A. Isaacs.

Mr. and Mrs. A. B. Johnson, Mrs. Lucinda Cribb and Mr. and Mrs. Robert Trieger, Norwood Park, returned yesterday from LaCrosse, Wisconsin, and Winona, Minnesota, where they had spent a week.

Mr. Johnson is enthusiastic over the scenery in that locality and brings home many pictures of the beauty spots there. The party enjoyed the trip very much.

Methodist Church Notes

Philip T. Bohl, pastor
Telephone 61-M
Services for September 15 are as follows:

Church school at 9:45.
Morning worship at 10:45.
Evening worship at 7:30.

There will be special music at each service. In the evening the men will furnish the special music. Begin to plan to come to these services early.

The Thimble Bee will meet Thursday afternoon at the home of Mrs. Sam Straghan. There will be some thing to do. All are cordially invited to be present.

Friday evening, September 13, at eight o'clock there is to be a reception given to the entire teachers' staff of Antioch schools.

Friendliness is like a bubbling spring. Unheard it finds its way into the heart, from where no king could more completely hold his sway.

Friendliness is a stalwart bridge. Unchanging joining man to man, A high and holy privilege.

If services makes up every span.

St. Ignatius' Church Notes

Episcopal
Rev. H. Campbell Dixon, pastor
Phone 118-W.

Kalendar—16th Sunday after Trinity.

No early service this Sunday.
9:55 a. m.—Church School.
10:30 a. m.—Holy Eucharist and Sermon.

Next Sunday there will be no early service, as the pastor is helping at St. Lawrence's church, Libertyville, during the rectors vacation there.

Sunday, September 22, will be Rally Sunday in the church and Church school. It is hoped that all the members of the Church school will turn out and that the members will begin the church habit in greater earnestness. The time will be the regular winter schedule: Holy Communion, 7:30 a. m., Church school, 10:30 a. m., and Morning church service, 11:00 a. m.

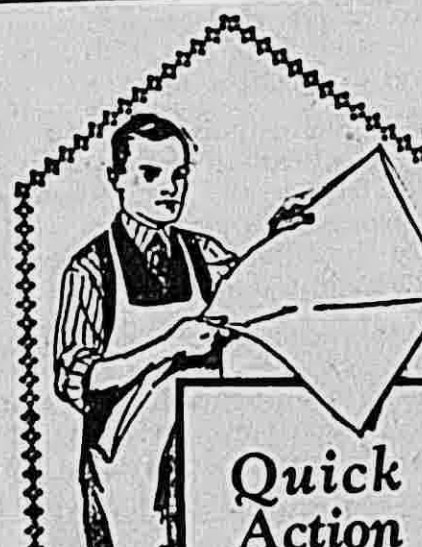

Sunday, September 23, will be the present pastor's last service as pastor of the local church. He will preach on "What My Religion Means to Me." It is hoped that many will be present to say goodbye. The new pastor's name has not been announced as yet.

DIPPING INTO SCIENCE

Why Animals Become Independent Early

The reason why humans become independent so much more slowly than animals is because animals are guided by instinct, while humans depend on their ability to learn. The animal is born with the instinct to use its facilities, while the development of the human intelligence is a slower process.

(© 1929, Western Newspaper Union)

Quick Action

MOST folks, when they decide to have a piece of printing done want it at once. We are well equipped to give prompt service on your work. Furthermore, it will not look like a hurry up job, since our ability to handle rush work enables us to give it the same careful attention that is given less hurried work.

That's Us

FAREWELL PARTY IS GIVEN IN HONOR OF YOUNG PEOPLE

The Methodist church was the scene of a royal farewell party Wednesday night, which was given in honor of three young people who are leaving this city to attend school. They are, Martha Westlake, who goes to Illinois Wesleyan; Romona Winship, who will attend Lake Forest college; and Homer Tiffany, who will be enrolled at Dartmouth.

The church was beautifully decorated in an orange and brown color scheme, as were also the tables. Refreshments were served by candle light. The diversions consisted of games and songs.

Committees in charge were as follows:

Refreshments, Leona Hennings and Lena Nelson.
Games, Lloyd Wetzel.
Decorations, Lloyd Wetzel and Bob King.

ANTIOCH FIREMEN HOLD ANNUAL BALL

One of the most popular social functions held in Antioch this year was the annual firemen's ball which was staged at the Channel Lake pavilion last Saturday evening. It was attended by hundreds of dancers from all over Lake county. Don King and his Melody Masters from Chicago furnished the music.

RECEPTION TO BE GIVEN TO TEACHERS

There will be a reception given to faculty members of the Antioch schools at 8 o'clock Friday evening, September 13, at the Methodist church. Every one is invited to be present. This is a splendid opportunity to welcome the teachers to the community.

Easy Race for Keech

Ray Keech, daring young Philadelphia driver who won the big Indianapolis 500-mile race, had a remarkably easy time of it. He never as much as raised the hood of his tiny eight-cylinder racer and never got out of his car during the gruelling five-hour grind. He stopped once to replace a blown-out tire.

GRAIN FARM AVERAGE YIELD OF GRAIN

LIVESTOCK FARM AVERAGE YIELD OF GRAIN

COWS HELP KEEP UP LAND VALUES

Farm Crops Converted Into Dairy Products Assure Producer Steady Income.

The strong stabilizing influence of the dairy cow's earning power has maintained land values up to or slightly above their 1920 values in many of the dairying sections of the country, according to the Blue Valley Creamery Institute. A study of the value of farm lands given in the latest official agricultural census shows that the value of farming lands has declined least where the most live stock is found on farms. Taking the country as a whole, general farm land suffered an average 30 per cent decline in value, compared with the value of the same land in 1920. It has been found in farming areas where dairy

products provide the principal sources of income that land values are up to and in some cases above the land values as reported in 1920 for the same areas.

The age-old story that exclusive "cash crop" farming is not the most profitable agricultural practice is borne out in the census figures. The greatest decreases in land values are found in the strictly cotton-growing sections of the South and the cash grain-growing sections of the Central West. In direct comparison, it is shown that in the sections where dairy cows make up the bulk of the animal population used to convert home-grown roughage and grain into animal products, from Maine to Virginia and from New York to Minnesota, land values have held their own and, in many cases, increased the value of the lands over the 1920 values.

This condition is mostly due to the fact that farm crops converted into dairy products have brought good prices and because the demand for butterfat, cream and milk assures farmers a steady, dependable income.

THE MAN FROM HOME

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

"The most reserved of men," William Shenstone tells us, "that will not exchange two syllables together in an English coffee-house, should they meet in Spanish, would drink sherbet and a mess of rice together," which is only another way of saying that if you put us into a new environment we will do and say things that neither force nor persuasion would induce us to do when we are at home.

"I don't mind telling you," the man returning to the United States from Hawaii said to the fellow from Milwaukee, whom he had just run into in the smoking compartment of the Pullman, "I don't mind telling you, though I shouldn't say it openly," and then he went into the most intimate details concerning himself, his family, his business, and just because the man came from his old home

town. The man was lonesome, I suppose; he was out of his regular environment and that fact put him into a new frame of mind and led him to throw off his ordinary reserve.

I was walking down the street in Peoria with George Morris a few days ago, when we came upon a man who spoke to George in a most friendly way.

"That is Herbert Johnson," George explained to me, "I met him almost every day on Michigan avenue in Chicago, and he never gives me a second glance, and here he greets me as if we were old friends. Funny, isn't it?" They were both away from home.

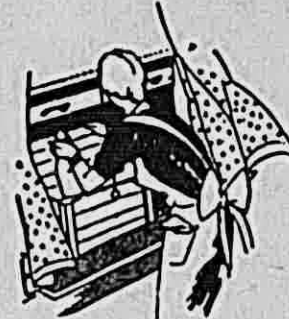

Look across Carroll in Segovia.

Pictures Pull

Almost without exception, we strongly recommend the use of pictures as an attention value medium on all pieces of job printing. To help you get the right pictures for your printing is a part of our printing service. We always have plenty of cuts on hand from which you may pick the ones you need.

94% OF THE TIME IT'S UNSAFE TO TRUST THE WEATHER

Study of U. S. Weather Bureau Reports Shows Only 19 Days a Year Average in United States When Outdoor Temperatures Are Safe for Food Preservation

Mother Nature is a poor guardian of perishable foods. Back-porch and window-sill makeshifts for food preservation are unsatisfactory, insanitary, unsafe. Study of United States Weather Bureau reports shows that only 19 days a year on an average in the United States afford outdoor temperatures that are safe for perishable foods. Ninety-four per cent of the time it is too warm or too cold.

Trusting to these makeshifts is not an economy. The food spoils—a little here, a little there—amounts to a staggering loss at the end of a year. And the menace to health lurks always in these perishables that are improperly preserved.

Health authorities, everywhere, recommend adequate refrigeration the year around as the only safe and satisfactory way to preserve perishable foods. Take this step now to save money and safeguard the health of your family.

NATIONAL FOOD PRESERVATION PROGRAM

SEPT. PROGRAM 1929

Share in 835-Prize Contest Awards Totaling

\$25,000.00 CASH VALUE

For writing best 400 word letter telling: "Why 50 Degrees is the Danger Point," you can win first prize—

MODEL HOME

To set the nation thinking on this vitally important topic of proper food preservation—in clean new ideas, new facts and figures concerning food preservation in guarding health and preventing economic waste, the National Food Preservation Council offers prizes to the value of \$25,000 for the best essays in the National Idea Contest. The capital prize is a Model Home or \$10,000 in gold. The second prize a 1930 five-passenger Cadillac Coupe, selling at \$3,995 F. O. B. Detroit; the third prize \$2,000 in gold—and so on down the list of 832 other big cash awards.

Free booklet with contest rules may be obtained at the Public Service Store.

RED CROSS CHAPTERS STRENGTHEN FORCES FOR DISASTER RELIEF

Launch National Campaign to Perfect Preparedness Plans in Every Community.

A nation-wide campaign to strengthen plans for preparedness against disaster and for emergency relief has been launched by the American Red Cross through its Chapters. The program is intended to perfect disaster preparedness committees in the ten thousand communities reached by Red Cross Chapters and their branches.

When carried out, through committees of men and women in the communities, it will insure that should a disaster come, an organization for emergency relief, including every modern method science has perfected—such as the radio, the airplane, the motor car and watercraft—can be mobilized to bring assistance, with the promptitude applied by the Red Cross in recent major disasters, such as the West Indies hurricane and the Mississippi Valley flood.

These enlarged and strengthened plans for disaster relief are set forth in the revised Red Cross manual, "When Disaster Strikes," which has been placed in the hands of every Red Cross chairman throughout the nation. The plan to encourage adoption of these added disaster preparedness methods was begun at this time because Red Cross records—covering 48 years of disaster relief—show that the period of the greatest number of disasters, large and small, ranges from the early Spring through the early Fall.

The Record of 48 Years

A historical summary of Red Cross disaster relief since 1882, shows that the society was active in giving relief in 938 domestic disasters and its expenditures in those relief operations were \$49,594,000. The three groups of calamities appearing most frequently were: cyclones, tornadoes, hurricanes and other storms, 231; fires, 131; floods, 126.

During this period, the Red Cross also has given assistance to distressed peoples of other countries in 153 disasters. Total expenditures for relief at home and throughout the world, in 48 years, amount to \$77,354,000.

In the four most recent major disasters, among the greatest which have ever visited the American continent, Red Cross expenditures for relief totaled \$29,188,998. Only in the event of large disasters such as the Florida hurricane of 1926, the Mississippi Valley flood of 1927, the New England flood of the same fall, and the West Indies hurricane of 1928, does the Red Cross seek contributions from the general public for relief work; and frequently these are not ample, as in the four disasters listed, the Red Cross donated \$1,338,201 from its own treasury to aid in the work. In the event of smaller disasters, the cost of the relief is met largely from Red Cross resources.

No Community Immune

No community is immune to great disasters of one type or another, the manual shows. One preparedness measure that can be adopted is a survey of the surrounding country, with the assistance of engineers and other experts to determine the type of disaster to which the section is subject. Hazards resulting from the presence of rivers and lakes, subject to overflow, of mines, munition factories, and other industries wherein dangers from explosion and fires may exist, are singled out for consideration.

Extension of existing disaster organizations in communities, and organization of men and women, trained in public health and community service, will result in the saving of lives and the prevention of extensive suffering, through privation, epidemic and other misfortune, should emergency arise through disaster. These organization plans, outlined in the manual, are similar to those now existing in most Red Cross Chapters, only strengthened in some particulars. They contemplate disaster preparedness and relief committees, under which function sub-committees on food, clothing, shelter, medical aid, registration of disaster sufferers and information service, transportation and communication and finance.

Co-ordination of all of the societies, organized groups and institutions in the locality is urged, so that all effort for emergency relief will be directed without conflict. Trained in advance, these committees can swing into action, and provide an orderly and systematic relief organization.

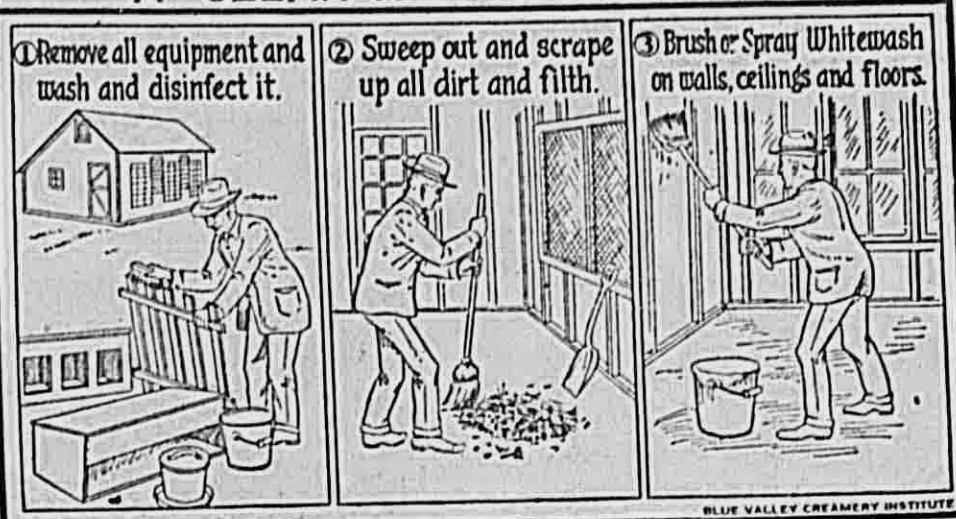

Father Sage Says:

Any vice must make up its mind that it is going to be attacked in all sorts of illogical ways as well as logical ones.

A CLEAN HEN HOUSE PAYS

FALL BEST TIME TO CLEAN HEN HOUSE

Healthful Living Quarters Will Keep Flock Thrifty During Winter.

Just before winter comes is the best time to give the hen house a good old-fashioned housecleaning, says the Blue Valley Creamery Institute. Pullets and hens that have had the freedom of the farm all summer and fall are generally healthy and full of vigor. One sure way to keep them thrifty is to provide healthful living quarters for the long winter months ahead. A freshly cleaned hen house that has been given a thorough whitewashing is a fine start on the way to more eggs and greater profits from the confined poultry flock.

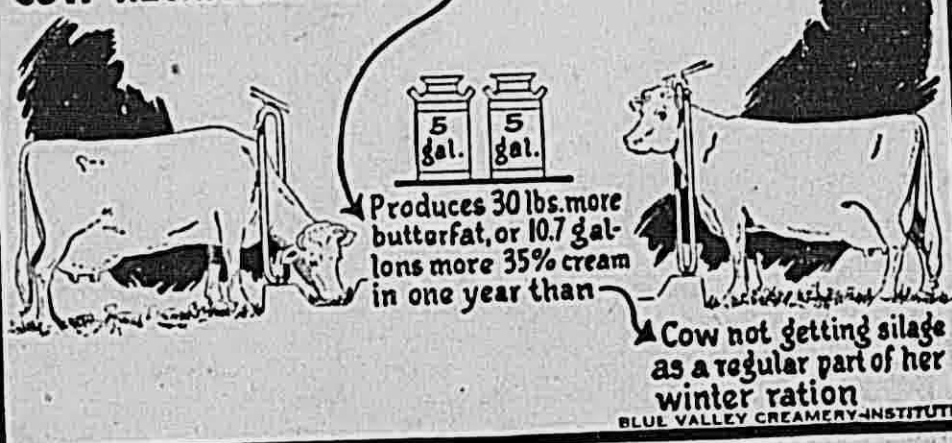

The first step in this housecleaning is the removal of all the nests, roosts, hoppers, drinking vessels and other equipment from the house. Each

should be scrubbed thoroughly with hot water and washed with a disinfectant. Sweep the house out thoroughly—the ceiling and walls, as well as the floors. Scrape the floor clean. Remove at least six inches of all dirt floors and replace with fresh clean dirt.

Then before replacing the nests and other equipment, give the entire interior of the house a coat of whitewash. There are few materials more purifying than a good hot whitewash. An excellent practical whitewash that is inexpensive and will not rub off easily is made as follows: Slake one-half bushel of lime with boiling water, adding water slowly, stirring constantly until a thin paste results. If water is added freely and the mass is not properly stirred, the lime will be lumpy. Add a half peck of salt to the lime paste, stir thoroughly, add water to bring whitewash to proper consistency. Throw a full handful of Portland cement in each pail of whitewash and a teaspoonful of ultra-marine blue, just before the wash is to be used and stir well. Otherwise the whitewash will be streaked. The cement makes whitewash stick to any surface, and the coloring counteracts the grayish color of cement.

COWS FED SILAGE MAKE MORE MILK

COW RECEIVING SILAGE

MORE MILK WHEN COWS GET SILAGE

Corn Silage Cheap Source of Good Feed; Trench Silo Recommended.

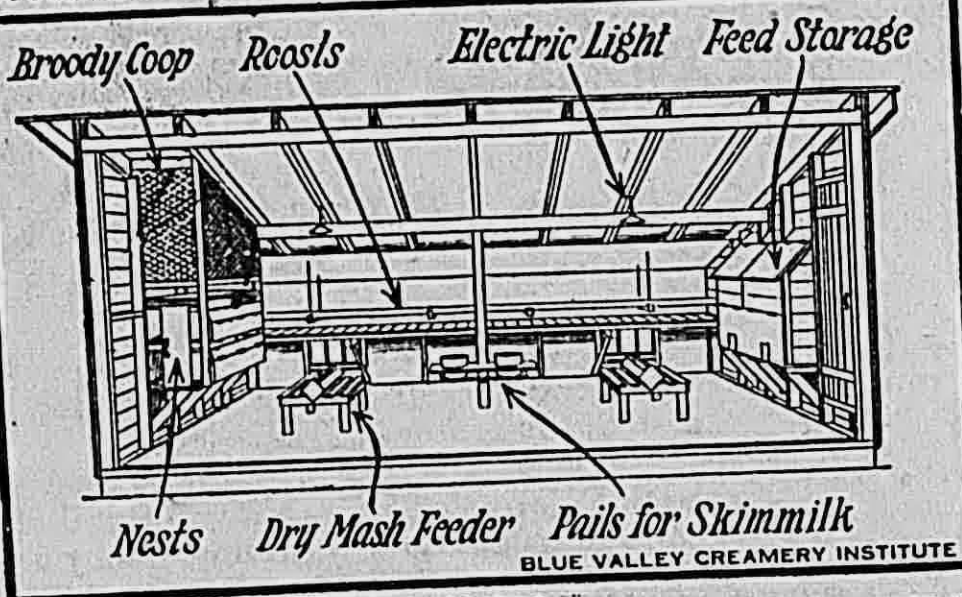

Dairy cows receiving silage as a regular part of their winter ration will produce more milk and butterfat than is possible without it, says the Blue Valley Creamery Institute. Not only is the milk and butterfat yield increased by feeding silage, but the cost of production is reduced considerably as well. For instance, a survey made on a large number of dairy herds in Pennsylvania showed where silage was fed an average of 1,200 pounds more

milk and 30 pounds more butterfat were produced per cow in a year than was the case when no silage was fed. The excellent results obtained from feeding silage are due principally to its being highly palatable and succulent, very much like good pasture grass, and also to the fact that the whole corn plant—stalks, leaves, ear and cob—are used. That is what makes silage such a cheap feed and why its use means cheaper butterfat production.

To make milk, both starch and protein as well as minerals are required. The cheapest source of starch is corn silage. And the protein and mineral part of a good milk-making ration is best obtained at lowest cost from alfalfa hay.

On farms where as few as four or five cows are kept, it pays well to build a trench type of silo. This kind of a silo is the cheapest and most practical to build for feeding small herds.

A MONEY-MAKING POULTRY HOUSE FOR 100 HENS

GOOD TIME TO MAKE HEN HOUSE REPAIRS

Plenty of Fresh Air and Sunlight Needed; Danger in Overcrowding or Drafts.

A comfortable hen is the only kind of a hen that is profitable, says the Blue Valley Creamery Institute. One of the first things to consider in providing ideal living conditions in the henhouse in winter is the matter of overcrowding. This is a common mistake. From three to four square feet of floor space for every bird is recommended.

A poorly ventilated house is foul, close and unhealthy. Good ventilation is needed to remove excessive moisture which the hens might exhale, as well as gases and odors. To

provide proper ventilation, many successful poultrymen find that the poultry house should be made tight on three sides with a part of the front, preferably on the south side, open to admit fresh air. It is especially important to make the walls absolutely tight.

Sunlight is also needed for making the hens most comfortable. Plenty of window space is required. A good rule to go by in estimating the amount of window space needed is one square foot of glass for every 12 square feet of floor space.

The accompanying design for a poultry house for 100 hens was originated by the poultry department, Cornell University. This view is complete, except that the front has been removed to show the interior of the house. It is 20 feet long, 20 feet deep, 4 feet 6 inches high in the rear and 8 feet 6 inches high at the front. This view shows the details of the interior arrangements and proper location of the broody coop, roosts, lights, feed storage, nests, dry mash feeders and pails for skim milk.

Grayslake Man Killed As Train Crashes Car

(Continued from first page)

train. The limited from Minneapolis to Chicago was traveling at a high rate of speed and when the crash came, Parker was thrown several feet from the crossing.

Try to Save His Life

Believing that the victim might be alive, members of the train crew called an ambulance from Libertyville, but before it arrived they discovered that Parker was dead and the ambulance then took the body to the Strang Funeral home in Grayslake, where an inquest is scheduled as soon as arrangements can be made for the appearance of the engine and train crew members. The engineer was A. Fuller, Fond du Lac, and the conductor was J. F. Boyles, Stevens Point.

Collision Causes Delay

The violent meeting of the train with the light Chevrolet coach crashed one of the cylinders on the huge locomotive and consequently, the line of cars was delayed for more than an hour until another engine could be secured from Chicago.

Is Agricultural Leader

Parker, who was 53 years old and a native of that part of the county, has been associated with his brother, Charles, in the farming game for a number of years. Both of them were regarded as agricultural leaders and authorities. The victim was unmarried.

ELEVEN TREVOR YOUNG FOLKS TO ATTEND HIGH SCHOOL AT WILMOT

Beatrice Oetting Accepts Position With Swift And Company

Those from Trevor who will attend high school at Wilmot are: Caroline Larwin, Elva Marks, Myrtle Mickle, Evelyn Myers, Ruth Pepper, Jack Kavanaugh, George Schumacker, Russell Longman, Floyd Lubeno, Alfred Oetting, and Wilson Runyard.

Miss Beatrice Oetting left Sunday evening for Chicago to accept a position with Swift and company.

Thirty-six car loads of Washington Jams were unloaded at the stock yards Sunday evening.

Miss Elvira Oetting, Madison, spent the week-end with the home folks.

Sunday visitors at the Charles Oetting home were: Mr. and Mrs. Albert Martin and daughter, Betty Jane, Waukegan, and Mrs. Irving Elms and daughter, Louise, Antioch.

Elbert Kennedy is having his house painted; men from Kenosha are doing the work.

Mr. and Mrs. Forester and children attended the Lutheran Mission festival at Slades Corner Sunday afternoon.

Mr. and Mrs. Arthur Krause and children, Stickney, Ill., visited Sunday with their uncle, John Mutz, Sr., and cousins, Ed. John, Jr., and Walter Mutz.

The Misses Ethel Hackett and Florence Ridge spent the week-end at their respective homes in White-water.

The Misses Daisy and Myrtle Mickle attended the fair at Elkhorn Wednesday.

Master Gail Platts, who spent the past year at the Geo. Patrick home, left Friday evening to spend an indefinite time at the home of Mrs. Studemeyer, Twin Lakes.

John Turnock, Salem, spent the week-end with his son, Ruben Turnock and family.

Mr. and Mrs. Nelson entertained the former's parents from Dorchester, Wis., and an aunt and uncle from Dakota the first of the week.

Art Karns and friend, Chicago, who are spending the week with friends at their cottage at Camp Lake, were Wednesday evening guests at the Mickle home.

Mr. and Mrs. George Patrick, Gail Platts, and Robert and Ray Patrick attended the fair at Elkhorn Thursday.

Mr. and Mrs. George Rohnow and daughter, Joyce, Kenosha, were weekend visitors at the home of Mrs. Rohnow's parents, Mr. and Mrs. Wm. Evans.

Mr. and Mrs. Daniel Longman and son, Russell, and daughter, Bernice, visited at the home of Mr. and Mrs. Robert Runyard Sunday.

Frank Kavanaugh, Chicago, and daughter, Helen, Camp Lake, called at the Pete Schumacher home Sunday.

Mr. and Mrs. George Patrick accompanied Mrs. Byron Patrick to Kenosha Friday.

Mike Himen, Antioch, was a caller here Sunday.

Mr. and Mrs. Fred Kiske, Melrose Park, Ill., spent the week-end with Mr. and Mrs. Pete Schumacher.

Mr. and Mrs. Frank Leppien, Hurdall, Ill., spent from Wednesday until Friday at the Fred Forester home.

Mr. and Mrs. D. A. McKay, Miss Ruth Thornton, Mrs. Lewis Pepper, and Mrs. Fred Forester were Antioch shoppers Friday.

Mr. and Mrs. Willis Sheen, Miss Mary Sheen, and Mr. and Mrs. Daniel Longman attended Elkhorn fair Wednesday.

Mrs. Joseph Smith, Mrs. Charles Oetting and son, Lewis, Mrs. Henry Ernie, and daughter, Arlene, called on Mrs. Samuel Mathews, Silver Lake, Thursday afternoon.

Mr. and Mrs. Donald McKay and Miss Ruth Thornton motored to Chicago Wednesday to visit their son, Harry McKay and family.

Mrs. Ambrose Runyard and mother, Mrs. Dorey, Mrs. William Evans, and Mrs. John Holzshuh were entertained at the home of Mrs. Richard Corrin, Antioch, Thursday.

Mr. and Mrs. James Lamb and daughter, Betty Jane, Kenosha, called at the Joseph Smith home Friday evening.

Mr. and Mrs. Andy Semmelman and children visited Friday and Saturday with relatives in Chicago.

Mrs. Julius Able, and son, Roselle, Ill., spent the past week at the Fleming home. Mr. Able and Mr. and Mrs. Edgar Baethke, Forest Park, motored out for the day Sunday. Mrs. Able and son returning home with them.

George Higgins, Wilmot, was a caller here Saturday.

Mr. and Mrs. Charles Runyard and daughter, Mary, attended the Odd Fellow and Rebekah picnic held at Waterford Sunday.

Visitors at the Elbert Kennedy home Sunday were: E. Hoyt and son, Elmer, and daughter and husband, Mr. and Mrs. Kubeck, Mx. Kubeck's parents, and sister, Chicago. Mr. and Mrs. Ed. Ball and daughter,

Donie Bush Quits Pirates

Donie Bush, who quit as manager of the Pittsburgh National league club, which he has piloted for three seasons, each time finishing in the money division. The resignation was immediately accepted, and Jewel Ens, veteran coach and former infielder, was appointed acting manager, taking charge of the team at once.

DIPPING INTO SCIENCE

The Humming Bird

The humming bird derives its name from the sound of its swiftly moving wings. It remains in the air all day, never tiring and even sips honey from the flowers as it floats about them. This bird, like the bee, is valuable in that it carries pollen from one plant to another. There are about five hundred species.

Father Sage Says

It is only in accord with the eternal fitness of things that miss, kiss and bliss rhyme together.

Congressional "Whip"

The term "whip" applied to certain members of parliamentary bodies is derived from the "whippers-in" of a hunt—men whose job it is to whip up lagging hounds and so to keep the pack together and obedient to orders—Gas Logie.

Spreading Printed Word

William Caxton made the first printing press of England in 1477. Fredrick Koenig the first cylinder press, and the modern web press was made by Richard Hoe, New York, in 1871 and perfected to its present state.

Milwaukee, and Mrs. Clifford Shott and children, Wilmot.

Ed Mutz was a Chicago visitor Friday.

John Mutz, Sr., entertained an old-time friend from Chicago from Sunday until Friday.

LAKE VILLA PEOPLE ARE ENJOYING MOTOR TRIP TO NEW YORK

Residents Visit Field Museum In Chicago Sunday

Mrs. Nettie Frazier and her sister are enjoying a motor trip to New York, where they are to visit relatives.

Mr. and Mrs. Frank Hamlin and daughter, also Miss Norma Sehora, Mabel McCann, and Mr. Mohan, the principal, spent Sunday in Chicago at the Field Museum.

More than forty people enjoyed the fellowship of friends and neighbors at the pot-luck supper and meeting at the church on Monday evening. Dr. Odgers always has an interesting message.

Lake Villa school opened last week Tuesday with a good attendance. Mr. Mohan of Bloomington, Ill., is principal and teaches grades seven and eight. Miss Elsie Schelebach of Oshkosh has grades five and six. Miss Sehora has grades three and four, and Miss Falch has the first two grades.

F. R. Sherwood transacted business in Chicago last week Friday.

Mrs. Beatrice Sherwood and daughter, Frances, and Mrs. Joe Pester drove to Woodstock Monday.

Mrs. Will Fischer is quite ill at her home here. She and Mr. Fischer recently returned from Marquette, Mich., where they visited Mrs. Fischer's parents.

Ruth Alice Cannon celebrated her tenth birthday anniversary last Saturday afternoon when a number of her little girl friends were royally entertained by Ruth and her mother. She received many pretty gifts as remembrances.

Dr. and Mrs. Weise of Chicago spent Sunday with Mr. and Mrs. J. M. Cannon.

Gordon Hamlin, who is a patient in St. Therese's hospital in Waukegan, is improving slowly.

Miss Mabel Scott, who teaches at Elmhurst this year, was a guest of the C. B. Hamlin family Saturday and Sunday.

Cedar Lake school opened last week with Miss Elizabeth Lawler of DeKalb as teacher. Twenty-seven pupils are enrolled. Miss Bowman is teaching at Sand Lake school, which was closed last year.

Mr. and Mrs. B. J. Hooper were Chicago visitors Tuesday.

Mrs. Vallie Weber is entertaining her brother from Florida.

Mr. and Mrs. L. W. Felker of Gary, Indiana, were guests of Mr. and Mrs. James Kerr on the Tuesday following Labor Day.

Mrs. Miller of Chicago was a guest of Mr. and Mrs. James Atwell a few

days last week.

John Darby, a former resident of Lake Villa, now of Colorado, called on old friends here last week.

Mrs. H. Potter of Waukegan spent last Thursday with Mrs. James Kerr and called on other friends.

WILMOT UNION FREE HIGH SCHOOL HAS AN ENROLLMENT OF 74

Pirates To Play Closing Game at Johnsbury Sept. 29

The Union Free High school opened Monday with an enrollment of seventy-four pupils, the largest number to enroll at any time.

M. M. Schnurr has been engaged as principal and he will also have charge of the Agricultural department.

Miss Ruth Thomas, West Salem, Wisconsin, is to teach English and Latin. Miss Thomas is a graduate of the Wisconsin University and has had two years experience at Boscon, Wisconsin.

Miss Myrtle Thiessen, New Holstein, Wisconsin, will teach history and the social sciences. Miss Thiessen is also a Madison University graduate and has had a year of substitute teaching experience.

William Lieske, Eau Claire, Wisconsin, who is a graduate of the Eau Claire Normal, will be in charge of the science and mathematics classes. Mr. Lieske taught two years at Boyceville, Wisconsin.

Arthur Kraemer, a graduate of Northwestern University and of the Gregg School of Shortland, Chicago, and with both teaching and commercial experience will have charge of the commercial department.

In the Wilmot Graded school, Miss Ruby Rice is principal and teacher of the upper grades and Miss Olive Hope, Salem, is the primary teacher.

Work on the new addition to the school building is being rushed to completion and the work of remodeling the old building is finished.

Mike O'Malley was called to Kenosha by the death of his brother, Owen O'Malley, who died suddenly Saturday evening. The deceased was buried on Tuesday at Kenosha.

The Burlington Baseball team forfeited the game they were scheduled to play at Wilmot Sunday afternoon with the Wilmot Pirates. The closing game for the Pirates will be played at Johnsbury Sunday, Sept. 29. This will be the fifth and deciding game of the series between Johnsbury and the Pirates; each team won two games.

At the conclusion of the baseball season the basketball squad will start work for another strenuous winter.

Sylvia Dowell left for Cambridge, Wisconsin, Sunday, where she has been engaged to teach. Irva Dowell is teaching at the West Newport school in Newport township, Ill.

Ermine Carey returned the first of the week from Quincy, Ill., where she has been visiting with Mr. and Mrs. Wallace Dobyns.

Mr. and Mrs. H. Dibble and Mr. and Mrs. Harry Dibble from Racine called on Mrs. H. Boulden Sunday.

Mrs. S. Sniffin and son, Ross, returned to Rockford the first of last week after spending some time with Mr. and Mrs. George Dowell. Mrs. Dwaln Dowell and daughter from Chicago were at the Dowell home last week and Dwaln Dowell was there over the week-end.

Helen Smith of Elgin was a week-end guest of Blanche Carey. Mrs. J. Rhode and Mrs. E. Sheffler and guests from Kenosha called at the Carey home Sunday.

Mr. and Mrs. James Owen entertained Mr. and Mrs. DeLong from Racine and Mr. and Mrs. Geo. Westlake from San Diego, California, last week.

Mr. and Mrs. D. Leece and Mrs. Rose Hockney of Antioch were guests of Mr. and Mrs. Fred Faulkner Sunday.

Mr. and Mrs. James Carey and children are spending two weeks at their cottage at Twin Lakes.

Mr. and Mrs. James Carey and Grace and Blanche Carey were at McHenry Saturday for the funeral of George Phallin of Tuscaloosa, Alabama.

Mrs. Elizabeth Devore, Los Angeles, California, was a guest last week of Mr. and Mrs. Frank Kruckman. Sunday, they motored to Crystal Lake.

Walter Frank, Charles Kanis, and Ray Stoxen are working at White-water for several weeks.

Mr. and Mrs. H. McDougall and children attended the Elkhorn Fair Monday.

Dinner guests of Mr. and Mrs. Arthur Holdorf Sunday were: Mr. and Mrs. Frank Mecklenburg and family, Richmond, and Mr. and Mrs. Fred Mecklenburg and son of English Prairie.

Mr. and Mrs. R. Oxtoby of Spring Grove called on Mr. and Mrs. Wm. Volbrecht Tuesday.

Margaret Moran is in Kenosha visiting with relatives.

Mr. and Mrs. John Sutcliffe were in Chicago Friday and Saturday. Friday, they attended the funeral services for Mrs. Sutcliffe's brother-in-law, Edward Draper, of Evergreen Park.

A. C. Stoxen and son, Raymond, and Frank Schram and William Lake motored to Pennimore, Wis., Sunday.

Mr. and Mrs. Wm. Klein and children were in Chicago Sunday.

The Cable Co., which is constructing the dam across the mill pond, is through with the exception of the stone facing across the front of the dam.

Mr. and Mrs. T. Bogda, Jr., and family from Edison Park spent Sunday with Mr. and Mrs. J. Sutcliffe.

MILLBURN COUPLE CELEBRATE GOLDEN WEDDING TUESDAY

Organizations To Have A Wiener Roast, Ice Cream Social

Mr. and Mrs. James H. Bonner celebrated their golden wedding anniversary on Tuesday evening, Sept. 10, with over fifty relatives and friends present.

The Christian Endeavor society will have a wiener roast on Friday evening, Sept. 13, at the L. S. Bonner home.

The Adult Bible class will hold an ice cream social at the home of Mr. and Mrs. W. M. Bonner Wednesday evening.

Dr. and Mrs. H. E. Jamieson and daughter, Doris, and Mr. and Mrs. George White and sons returned on Thursday from a two weeks' auto trip to various points in Colorado, Nebraska, and Iowa.

The Christian Endeavor business meeting was held at the home of Mr. and Mrs. O. P. Neahous last Friday night.

The Ladies' Aid society will meet at the home of Mrs. A. G. Torfin to sew on Thursday afternoon. Supper will be served. The assistant hostesses are Mrs. E. A. Martin and Mrs. L. J. Slocum.

Mrs. Fred Achen, Kenosha, spent Wednesday with her sister, Mrs. E. A. Martin.

FILIPINO IN ARMY

Maj. Vincente Lim, United States Infantry, who, by his graduation from the Army War college, holds the distinction of being the first citizen of the Philippine Islands to complete the entire educational course of the regular army and have his name placed on the general staff eligible list. He graduated from West Point in 1914.

Mrs. Lizzie Stewart, Gurnee, spent Wednesday and Thursday with her nieces, the Misses Annie and Ella McCredie.

Miss Rubie Gillings is spending a few weeks with Mrs. W. M. Bonner. Mr. and Mrs. George Steckert and daughters, Mr. and Mrs. Thomas Cosgrove, and Helen Neahous, all of Chicago, spent the week-end at the Neahous home.

Great-Hearted
It adds nothing to my satisfaction to know that another man has been disappointed.—Abraham Lincoln.

SALEM RESIDENTS DRIVE TO WITHEE TO VISIT RELATIVES

School Opened Monday With Miss Roth As Principal

The Misses Josie and Jennie Loescher and Mr. and Mrs. Grant Minnis of Kenosha drove to Withee Saturday morning to visit their cousins, Mr. and Mrs. Samuel Munson.

Salem Center school opened Monday with Miss Emma Roth, principal, and Miss Martha Hutchins of Sheboygan, primary teacher.

Mrs. Ada Huntoon and Howard Johnson drove to Racine Saturday to visit Mrs. Jennie Cornwell.

Mrs. John Evans and Mrs. Alec Smith and children of Bristol drove to Channel Lake Sunday to call on Mrs. L. Smith.

Mr. and Mrs. Sanford Clark and

Studebaker PRESIDENT EIGHT sets New Stock Car Record in 1929 Pikes Peak Climb!

Adds famous Penrose Trophy to 11 world and 23 international records

A strictly stock, fully equipped Studebaker President Eight, driven by Glen Shultz, set the fastest stock car time in history up Pikes Peak, to win the Annual Penrose Trophy Race. Another triumph for Studebaker, holder of more official stock car records for speed and endurance than all other American cars combined! The Pikes Peak Climb was sanctioned, timed and checked by the American Automobile Association, as was The President's famous run of 30,000 miles in 26,326 consecutive minutes. Studebaker's President Eight covered the 12 miles and 2200 feet to the summit of Pikes Peak, 14,109 feet above sea level, in 21 minutes, 43.4 seconds. Average speed was 34.3 miles per hour. 154 breath-taking curves make this a supreme test of balance and handling ease. You can buy a duplicate of the Pikes Peak President from any Studebaker dealer. See it—drive it—own a Studebaker champion, now available in 42 models at new low prices, \$860 to \$2350 at the factory.

FOUR WIND-UP BOUTS WILL FEATURE PALACE CARD FRIDAY NIGHT

Two Champions on Program—Tramblie's Last Amateur Appearance

Four crackerjack amateur bouts of windup caliber, with Ray Tramblie, national A. A. U. champion, appearing against Red McDowell of Waukegan, in the main event, will feature the weekly boxing show at the Antioch Palace tomorrow night. This will most likely be Tramblie's last appearance here as an amateur, according to Promoter Dick Macek, who has arranged an exceptionally good card in honor of the A. A. U. title holder. Tramblie, it is said, expects to enter the ranks of professionals at an early date.

Mandell's Boys in Good Matches
Three boys from Sammy Mandell's Rockford gym are on the card for tomorrow night. That means good entertainment. In the semi-windup bout, Lou Buckman meets Rudy Peterson, Evanston, in a return match, and Lou's brother, Carl, will trade punches with Bob Miller, Northwestern university star and conqueror of Red McDowell last Friday night. The other of the four bouts that has all the earmarks of a windup scrap will be seen. Einar Johnson, Mandell's gym, meets Joe Pitts, popular Evanston mauler, in a bout that promises real thrills.

Craft Meets Bantam Champ
Things are bound to happen when Howard Craft, fast Grayslake lad, meets Joe Lunetto, A. A. U. Bantam champion, as both lads have speed a plenty. Craft wins a great majority of his battles, and Lunetto is good, else he would not be wearing the bantam crown.

The old reliable, "treat-em-rough" Joe Drinka and Billy LaFante, Chicago, will perform for the edification of fans in the third bout on the card. Joe believes in putting them away in the very first round and has the rep of being a fast and furious starter, just like Jack Dempsey was in his palmy days. Perhaps LaFante will be of the same mind—if so, this scrap ought to look good from any seat in the auditorium.

Starting the show, two 135-pounders will appear in the curtain-raiser. They are Paul Shamyfelt, North Chicago, and George Young, Chicago, both classy amateurs, who ought to start the entertainment off with a bang.

Last Week's Fight Results
Windup
Bob Miller won three round decision over Red McDowell.

Semi Windup
Felix Druba, Waukegan, won over Mickey Sparks, Chicago, in four rounds.

Preliminaries
1—Arne Jokinen, Waukegan, beat Harry Pederson of Chicago, in three rounds.

2—"Red" Snyder, Waukegan, walloped Joe Dazzo of Chicago, in three rounds.

3—Jim Soukup, Waukegan, lost on a technical knockout to Joe Drinka, North Chicago, in the second round.

4—Harold Brown, Chicago, shaded Paul Dazzo, Chicago, in three rounds.

5—Tony Fagleno, Chicago, outslugged Howard Craft, Grayslake, in three rounds.

6—Joe Brown of Chicago, defeated Johnny Taylor, of Waukegan, in four rounds.

"INSCHOOL DAYS"

First High School Social Activity of This School Year To Be Held Friday

Local Football Squad To Meet Bensenville on Home Field, September 21

The first function on the social calendar of the Antioch high school has been scheduled for Friday night, September 13, at the gymnasium. The members of the junior class are sponsoring this party and the freshman will be their guests. It will take the form of an initiation ceremony; the chaperones are Mrs. Dardenne and Mr. Kutil.

With Coach G. G. Reed at the helm, 35 fellows who comprise this year's football team are busily engaged in learning and practicing the technique of the game. Their first tilt will be on September 21, when they will clash with the Bensenville players on the local field. The only two old members of the Antioch squad are Roy McNeil and Howard Mastine.

An unusual opportunity is in store for the people of Antioch and vicinity on Monday night, October 7. At that time, the local high school orchestra is bringing to this city the Waukegan Symphony orchestra, which is directed by Dr. Sander Kish, a former pupil of the famous Hungarian master, Hubay. It consists of about 60 members and will render several of its great writers. Those who have had the privilege to listen to this orchestra say that they were impressed by the cultural values which were derived from the various selections. Tickets may be secured from the members of the high school orchestra. The other musical organizations of the school have already been organized and the first rehearsals of the Chorus and the Boys' Glee club were held Tuesday afternoon. The membership in the former is 60 and in the latter, 25.

Mrs. Murray and Mrs. Robert Wilton will have charge of the preparation of the cafeteria lunches for this year. The menus will be outlined by Mrs. Richey, home economics instructor.

The girls who are enrolled in gym have selected green uniforms for their physical culture garb. There is now a total enrollment of 133 in the high school.

West Kenosha County Fair Will Open At Wilmot Wednesday

(Continued from first page)

will act: Horses, A. O. Collentine, Madison; Sheep, J. M. Fargo, Madison; Cattle, A. O. Collentine, Madison; Hogs, J. M. Fargo, Madison; Poultry, Wm. Hallsch, Waterford; Farm Products, J. F. Wojla, Madison; Culinary, Miss Elizabeth Salter, Madison; Plants and Photography, Mrs. E. H. Foltz, Burlington; Fancy Work, Miss Mina Wald, Burlington; Educational, A. J. Smith, Union Grove; Girls Club, Miss Elizabeth Salter, Madison.

During the fair the Metropolitan buses will run to the fair grounds daily from Kenosha, in order to provide convenient transportation for Kenosha people who wish to attend.

NEW OFFICERS PLAN BIG YR. FOR CHANNEL LAKE COUNTRY CLUB

E. J. Gnaedinger Is President—Committees Are Active

A most enthusiastic meeting of the new officers and directors together with the committee chairmen of the Channel Lake Country club, was held on last Saturday afternoon, to which sixteen members responded. The new officers include, Emil J. Gnaedinger, president; Henry Paulson, vice-president; and Max Mauermann, secretary-treasurer.

Mr. Gnaedinger believes that "in union there is strength," and the following committees have been appointed and have already begun to function:

On the Advisory committee are Wm. S. Mills, Wm. H. Howe, and Wm. E. Cooper; and the Finance committee is composed of J. N. Tankersley, R. E. Schmidt, and A. T. Murphy.

Other committees are: Grounds and Greens: J. H. Sandell, H. B. Hitchcock, W. W. Ward, and Wm. E. Cooper.

House: L. R. Phillips, C. W. Lafin, C. W. Pfleger, and H. C. Van Pelt. Golf: George O. Bayrd, Paul Volk, Wm. M. Dorrance, and W. L. Steinmiller.

Membership: O. R. Kresse, Chas. Venn, Wm. H. Howe, and Herbert Vos.

Entertainment: Henry Paulson, Frank Whitfield, and Ernest Heg, with a sub-committee of the younger men, including George Lafin, Jack Howe, Maurice La Vain, Max Mauermann, Norman Tankersley, and Bill Volk.

Publicity: C. W. Lafin, P. B. Juhnke, and H. J. Burk.

Many requests having been made to reduce the membership dues in the club, the following tentative schedule has been taken under consideration by the Board of Directors and the Finance committee:

Class A.—Man and wife, 26 years or older, \$75.00.

Class B.—Married sons of members, 21-26 years, \$40.00.

Class C.—Widows desiring all privileges of the club for sons and daughters only, under 21 years, \$35.00.

Class D.—Women over 21 years, of family not members, \$35.00.

Class E.—Sons of members 18-21 years inclusive, and daughters over 18 years, \$18.00.

Class F.—Boys and girls 14-21 years inclusive, not members of families in Class A., \$25.00.

Several winter activities are to be planned, and the Club Year is from January 1st, to January 1st.

The forming of a Woman's Auxiliary a few weeks ago, with Mrs. Geo. O. Bayrd as president, Mrs. Henry Paulson, vice-president, Mrs. F. D. Hollenbeck, secretary-treasurer, and Mrs. W. W. Ward, corresponding secretary has been an inspiration to the men to work up to bigger and better things for the club, and the committees who will co-operate with the men are as follows:

House and Decorating: Mrs. J. N. Tankersley, Miss Isabelle Cooper.

Mrs. Ward, E. Potter, Mrs. A. T. Murphy, and Mrs. Wm. H. Gifford. Entertainment: Mrs. Henry Paulson is general chairman over all social and golf activities, and her sub-committees are:

Dancing: Mrs. J. H. Sandell, Mrs. Max Mauermann, Mrs. Herbert Vos, Mrs. W. W. Ward, and Mrs. E. V. Coyle.

Cards: Mrs. J. Ernest Brook, Mrs. Wm. J. Smyth, Mrs. Wm. E. Cooper, and Mrs. L. H. Arms.

Golf: Miss Eloise Kresse, Mrs. Wm. M. Dorrance, Mrs. Wm. K. Gray, and Miss Herberta Van Pelt.

Junior Golf: Mrs. C. H. Thomas, Winifred Bunge, Frances Gray, Betty Warriner, Speed Bledsoe, and Billy Brook.

Young Peoples: Brooke Phillips, Maxine Haefel, Louise Gray, Dorothy Burg, Mildred Kresse, and Enid Taylor.

Children's Committee: Mrs. Ernest Heg, Jr., Mrs. Edward C. Wilson, Mrs. H. J. Burg, Mrs. Walter Bledsoe, Mrs. Arthur Mapletorpe, and Miss Louise Bell.

Special Events: Mrs. Wm. H. Howe, Mrs. Paul Volk, and Mrs. P. B. Juhnke.

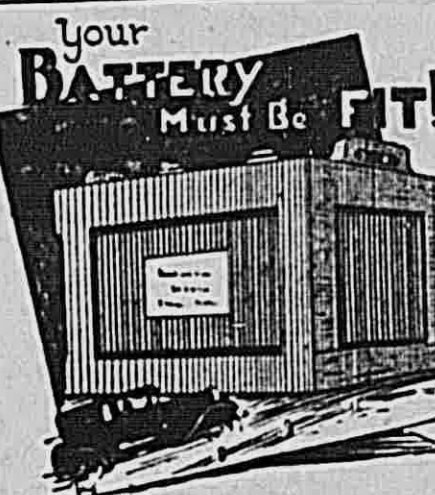

Hospitality and Visiting Committee: Mrs. Wm. S. Mills, chairman.

Membership and Publicity: Mrs. Charles W. Lafin, chairman.

Feeling the necessity of a little money of its own with which to work the Woman's auxiliary set its dues at \$2.00, and it is hoped that each woman in the club will join. If she has not already done so. All wives and unmarried daughters of members are eligible to membership.

With this corp of actively working members, which includes 33 men and 50 women, the Channel Lake Country club should and will have a most successful year.
